Liquid Lube & Wash
 Moneta, Virginia
 2007
 Best Looking Lube

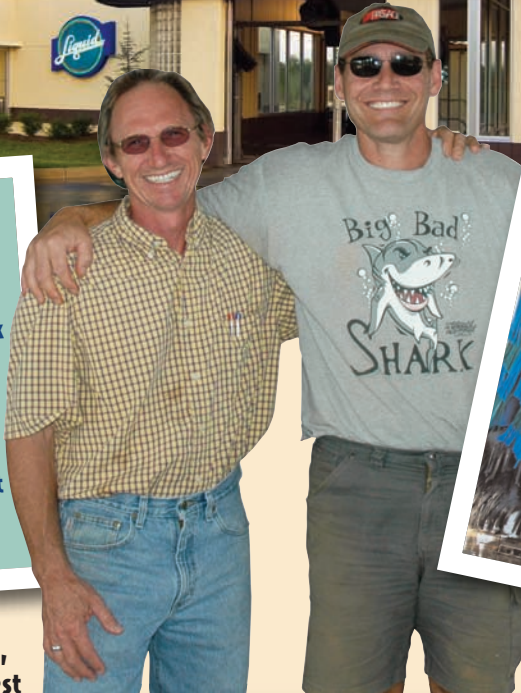

"We Wanted to Really Set Ourselves Apart from the Others"

Todd Dehli and Ken Brodin, Owners of Liquid Lube & Wash

Judges Comments:

- Postmodern Art Deco
- A very retro-looking facility...this place really stands out at night
- An outstanding design...clean, airy look
- The building almost looks liquid
- Reminds me of a 1950's-era diner on Route 66
- This is an office building meets a fast lube...it makes you want to wear a suit and tie to get your oil changed
- Hip, trendy, state-of-the-art

Left to Right: Ken Brodin and Todd Dehli

Liquid Lube & Wash in Moneta, Virginia has been recognized as the 'Best Looking Lube for 2007' by *National Oil and Lube News* in its 9th Annual Best Looking Lube competition. The editorial staff selects the winner from literally dozens of entries based on the shop's overall appearance, street presence, cleanliness, interior attractiveness, signage, land-scaping and other factors. In the end, it took a truly one-of-a-kind facility to grab the award... *Liquid Lube & Wash*.

From its sweeping curves to the bright exterior lighting to the central "skyscraper" element, this beautiful lube facility is at once both commanding and inviting. Certainly it is one of the most unique lube/wash places the judges had ever seen and were suitably impressed enough to vote it as **2007's Best Looking Lube.**

"We built it like the 1950's. We made it look like the buildings did back then and we wanted service to be like it was back then also."

Liquid Lube & Wash uses AUTEC's EV-1 Car Wash system featuring Spot Free, Reclaim, and Wash Select II w/credit. They also have a second carwash bay to house another carwash system in the future.

Liquid Lube & Wash is truly a top-notch fast lube/wash facility and more than deserving of the 2007 Best Looking Lube honor.
