

TOYOTA WEST IN STATESVILLE PRESENTS ITS EXCITING NEW ADDITION

Proudly Featuring
AUTEC's Car Wash System!

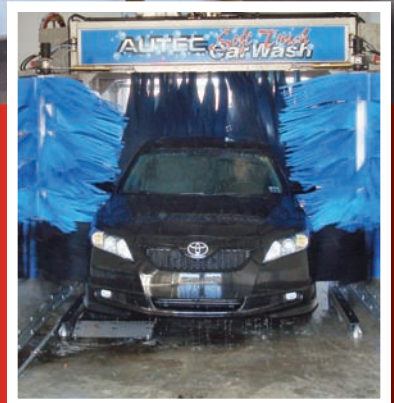

TOYOTA WEST, located in STATESVILLE, NC is excited about their new look and all the recent additions to the dealership. There is an extra level of excitement over their new AUTEC car wash system and all the benefits it brings.

Mike Wilson, Service Manager of Toyota West states, "Being able to wash and dry every service customer vehicle will certainly give a boost to our CSI plus the added benefits of keeping our inventory clean, washing every trade-in before an appraisal, increasing our ability to do more washes per day while cutting our labor cost associated with the clean-up department. Also, because of the drought situation we chose to add a reclaim system which has substantially cut our water consumption and has made us environmentally friendly."

"Being able to wash and dry every service customer vehicle will certainly give a boost to our CSI plus the added benefits of keeping our inventory clean, washing every trade-in before an appraisal, increasing our ability to do more washes per day while cutting our labor cost associated with the clean-up department."
