

MODERN TOYOTA CHOOSES AUTEC!

**Washing
Record Numbers
of Vehicles
Daily!**

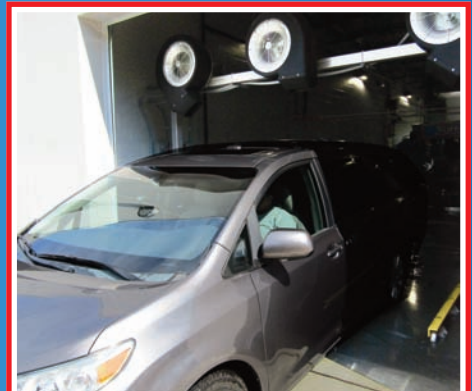

All of MODERN TOYOTA's vehicles are cleaned by AUTEC's AES-260 Soft Touch Car Wash System.

With AUTEC, we are learning to create internal economies that enhance our dealership's prosperity.

Our AUTEC is the first automatic car wash system for the Modern family of dealerships.

AUTEC enables us to simultaneously achieve our production-throughput goals and maintain the highest level of wash quality for our customers.

"Having the AUTEC definitely helps us successfully execute our business plan," commented Jim Butler, General Manager of Modern Toyota in Winston-Salem, North Carolina. "In addition to service department vehicles, we have a thriving rental business. The AUTEC is great economically for washing these rental cars as well as cars being prepped for auction. With AUTEC, we are learning to create internal economies that enhance our dealership's prosperity. Today, in fact, we had a great customer satisfaction review from a customer who said how much they appreciated their car being washed at their service visit. This makes for happy people and therefore, great service-customer retention," Butler concluded.
