

FLAGSHIP CAR WASH

Featuring
TWO AUTEC's
Working
Side-By-Side!

Flagship Car Wash has two automatic bays featuring AUTEC EV-1 systems

One of AUTEC's EV-1 systems in action offering soft touch or combo of soft touch/touch free

Flagship's wash process is completed by 'super dry-blow dry' high velocity blowers

The new **Flagship Car Wash** is a cooperative initiative between the Navy Exchange and Morale, Welfare and Recreation at Naval Station, Norfolk, VA, contracted through a Public Private Venture with AUTEC Car Wash Systems and Alpha Car Washes, LLC. The grand opening ceremonies took place on June 22, 2015.

The state-of-the-art facility cost nearly \$4-million to build and features a one-of-a-kind car wash with dual bays showcasing AUTEC's EV-1 Evolution systems. Along with the two automatic bays featuring AUTEC Car Wash Systems, Flagship has six self-serve bays. The dual EV-1 systems working side-by-side provide your choice of either a soft touch or dynamic combination of soft touch and touch free washes. The automatic bays provide four price levels starting with the Deluxe Wash at \$8, the Works Wash at \$12, the Supreme Wash at \$16, and the Ultimate Wash at \$20.

The Ultimate Wash provides a heated presoak, a chemical tire applicator, an undercarriage wash, triple foam bath, rocker panel blaster, double-pass soft touch high pressure wash, along with many other car wash offerings. Flagship is also eco-friendly where 90% of the water used in the wash cycle is recycled. Service members and their families receive 20-cents per gallon off their gasoline purchase when they buy a car wash. As an added way of saying "Thank you for serving", Flagship offers free car washes every Veteran's Day.

Flagship Car Wash strives to maintain the highest level of quality car washing using the finest equipment available and environmentally friendly chemicals. We are dedicated to serving our patrons, preserving customer satisfaction and are fully committed to both our trade as well as our community.
